Summary

Enthusiastic and motivated React JS Developer with 1.8 years of professional experience, specializing in building dynamic and responsive web applications. Skilled in front-end development, leveraging modern web technologies to create user-friendly interfaces and enhance the overall user experience. Passionate about learning new technologies and committed to continuous professional growth.

Experience

Associate Software Developer

StackNexus, Inc.

Apr 2022 – To Date

Projects

Good school (Educational Portal)

As a frontend developer for the "Good School" project, I played a pivotal role in creating an engaging and user-friendly online educational platform. "Good School" is a cutting-edge initiative that empowers students to access recorded classes and enhance their learning experiences.

Skills: Next.js , Node.js , React.js , HTML , JavaScript ,Tailwind css.

Troven (Assessments Portal)

The Troven Assessments Portal is a robust web application designed to streamline and enhance the assessment process for educators, students, and administrators. As the lead developer, I harnessed the power of React.js to create a dynamic and efficient platform that simplifies the management and execution of assessments.

Skills: Next.js , Node.js , React.js , HTML , JavaScript ,Tailwind css.

Koneqto (Job Portal)

The Koneqto is a cutting-edge job portal that I conceptualized and developed using React.js for the frontend. This innovative platform is designed to revolutionize the job-seeking and recruitment process by connecting job seekers and employers through a seamless, user-friendly interface.

Skills: Next.js , Node.js , React.js , HTML , JavaScript ,Tailwind css
